— VENUES —

Preferred Suppliers

# Approved Event Partners

---

We've built up great relationships with our approved suppliers, and they come with our highest recommendation to you. This is based on their detailed knowledge and experience of the venue itself, their high level of expertise, reliability, consistently excellent customer feedback – and above all the vision they share with us to deliver you a perfect, stress-free day.

Naturally, our suppliers are also fully compliant with Health & Safety requirements, and are fully insured. If you choose to source your own suppliers (except for provision of hay bales), please ask them to make contact with us well in advance of your event so we have time to cover these things with them.

Please note that hay bales can only be provided by Lillibrooke's approved supplier, Party Bales. They have low-mess installation down to a fine art at Lillibrooke, which avoids us having to pass on cleaning charges to you.

If you have a requirement that's not covered by any of our suppliers, do let us know so that we can consider expanding our offering.

# Event Styling, Lighting & Sound
