There are countless picture-perfect backdrops across the estate for those treasured golden-hour couple portraits — from open fields washed in soft, warm light to gardens bursting with seasonal blooms, atmospheric Grade II listed buildings, original brickwork, and elegant cast-iron gates.

Our onsite accommodation in the Manor House is available to book for the night of your wedding, and includes a complimentary stay in The Loft honeymoon suite — a peaceful, luxurious retreat to end your celebration.

**Access to Lillibrooke Manor & Barns begins at 4pm on your wedding day.** This is also the time your suppliers may arrive, so please ensure any florists, stylists, lighting teams or décor suppliers are aware of this before you book them.

When planning your setup, it's helpful to know that:

- Ceremonies typically last 30–45 minutes
- Drinks receptions usually run for 1–2 hours

All lighting, décor and wedding-breakfast styling must be fully in place before guests are seated for the wedding breakfast, so please speak with your suppliers to ensure their setup times work comfortably within the access window.

All food and drink are provided by the experienced Heritage Venues catering team. You can explore all of our food and drink menus, along with pricing, on the Heritage Venues website here:
